ARTISSIMA 2024 TRENTUNESIMA EDIZIONE

Torino, 31 October 2024 – **Artissima Internazionale d'Arte Contemporanea di Torino**, the only fair in Italy with an exclusive focus on contemporary art, announces its **31st edition**, directed for the third year by **Luigi Fassi** and organized with the support of Main Partner **Intesa Sanpaolo**. Artissima 2024 offers initiatives that confirm its unique position on the European cultural scene and its ability to attract the most interesting galleries, artists, collectors and curators on an international level, with the promise – always kept – of an **experimental, cutting-edge event**.

From **Friday 1 November** to **Sunday 3 November 2024** the spaces of the **Oval** in **Torino** host the four principal sections of the fair – **Main Section**, **New Entries**, **Monologue/Dialogue** and **Art Spaces & Editions** – and the three curated sections – **Present Future**, **Back to the Future** and **Disegni** – also on view at the digital platform **Artissima Voice Over**.

In 2024 Artissima welcomes **189 participating Italian and international galleries**, including **66 monographic projects**.

Director **Luigi Fassi** comments:

The 31st edition of Artissima in Torino marks the fair's entry into its fourth decade of activity, as a brand that has asserted itself on a worldwide scale on the market for contemporary art fairs. This achievement has been made possible by Artissima's role as an incubator, conducted through ongoing research and global scouting, to continue to offer collectors and art professionals the enthusiasm of interaction with galleries and artists at the highest level in Europe, the Americas, Africa and Asia.

The 189 galleries from 34 countries taking part in Artissima in 2024, including debuts and returning presences, bear witness to the appeal of the fair and its status as a crossroads of relations, projects and investments, radiating outward from Torino to reach the national territory and the international context. At the same time, Artissima is a cultural institution that pursues a precise vision, that of spreading the social value of contemporary art through expertise and responsibility, within a logic of dialogue and cooperation with other institutions, public agencies and private brands. The guiding theme of

the 2024 edition – The Era of Daydreaming – underlines the boundless creative power of the mind as it develops our future with eyes wide open. In its history, Artissima has always been projected into the future, and to do this the institution has learned how to closely sustain the imagination of artists and gallerists in their work.

Internationalization, enterprise and cultural value are thus the three key terms for an understanding of how Artissima today has become an accelerator of intelligence and change at the service of Torino, Piedmont and the entire Italian and international art system.

Internationally renowned for its focus on pioneering practices and its role as a launch pad for up-and-coming artists and galleries, Artissima attracts a large audience of collectors, sector professionals and art lovers every year. With each edition, the fair welcomes curators, directors of art institutions and foundations, as well as patrons of museums from all over the world who are involved in various ways in its programme. The vitality of Artissima resonates throughout the city, thanks to the many cultural projects produced in collaboration with public institutions, museums, foundations and galleries across the region. Artissima contributes to the growth of the Italian contemporary art market, stimulating and supporting collectors with an eye for innovation, and a continuously evolving critical and curatorial vision.

The organisation of Artissima is overseen by Artissima srl, a company affiliated with **Fondazione Torino Musei**, and formed in 2008 to manage the fair's artistic and commercial relations. The Artissima trademark belongs to **Città di Torino**, **Regione Piemonte** and **Città Metropolitana di Torino**. This edition of Artissima takes place with the support of the three brand-owning authorities, jointly with **Fondazione CRT** through **Fondazione per l'Arte Moderna e Contemporanea CRT**, **Fondazione Compagnia di San Paolo** and **Camera di commercio di Torino**.

Massimo Broccio, President of Fondazione Torino Musei, comments – *In 2024 Artissima moves forward with the fair’s international approach, as demonstrated by the number of foreign galleries arriving from 34 countries, and the capacity of the institution to play a decisive role of connection between the Italian and global art scenes. Here in Torino, in fact, thanks to Artissima, the world of Italian contemporary art has the most important opportunity for networking and relations of the year. The days of the fair foster contacts between gallerists, collectors, curators and corporate brands, leading to acquisitions, exhibitions and projects that will continue in the months to come. Once again this year, Artissima has implemented multiple cultural projects inside and outside the fair, to reinforce the participation of galleries and their artists. These initiatives nurture the field of art in Torino and narrate the identity of a fair that has become an institution of cultural production and enterprise, necessary to the city, its territory and the country as a whole. Fondazione Torino Musei will continue to accompany Artissima along its path of growth and reinforcement, in the conviction that it represents an irreplaceable phenomenon of innovation and internationalization.*

Rosanna Purchia, Councillor for Culture of Città di Torino, explains – *Artissima continues to grow, and with it grows the cooperation with the city’s public and private institutions, also in terms of awards and commissions. With galleries from 34 countries, the fair continues its process of internationalization, granting a structural meaning to the strategic presence of contemporary art in the city, during a moment of renewed dynamism in this sector. All this takes place thanks to expert and inclusive management, involving the entire team of the event.*

*Recognized on an international level as a great opportunity for emerging artists and experimental galleries, Artissima is a unique appointment that every year attracts a selected audience of collectors and sector professionals, but also many art lovers and tourists. It also represents a remarkable chance to visit Piedmont, a region rich in examples of excellence and one of the most competitive in terms of artistic offerings of high quality with an accent on the contemporary – say **the President***

of Regione Piemonte, Alberto Cirio, and the Councillor for Culture, Marina Chiarelli. – *We agree with the choice of a title for this edition, “The Era of Daydreaming”, which opens the way for a creative path, inviting the audience in an era of limitless connections to daydream, to take a thrilling voyage for the discovery of human creativity.*

*Fondazione per l’Arte Moderna e Contemporanea CRT, which operates on behalf and thanks to the contribution of Fondazione CRT in the field of contemporary art, renews its commitment to Artissima, the leading contemporary art fair in Italy – says **Patrizia Sandretto Re Rebaudengo, President of Fondazione per l’Arte Moderna e Contemporanea CRT.** – To further consolidate our role and to send a clear signal of support to the galleries and artists taking part, we have increased the budget for acquisitions during the fair earmarked for GAM and Castello di Rivoli, reaching a total of 280,000 euros, the highest budget over the last 12 years.*

*Fondazione Compagnia di San Paolo confirms its support for Artissima 2024 – says **Laura Fornara of Obiettivo Cultura in Fondazione Compagnia di San Paolo.** – This is the main contemporary art event in Torino, capable of nurturing and positioning the image of Torino on a national and international level, as a city of culture which again this year can rely on our foundation as an institutional partner with which to share visions and strategic assets. Enhancement of the value of cultural identity and the digital transition are the aims behind the choices of investment and support made by Obiettivo Cultura for projects capable of fostering paths of positioning and an integrated relationship between the world of culture, the economic context and the social community.*

*Artissima is an important occasion for sector professionals and an international showcase for our area. It has evolved in step with the times, creating a successful format, but always open to new projects, like the recent addition MADE IN: a synergic collaboraton between emerging artists and innovative local companies – says **Dario Gallina, President***

of **Camera di Commercio di Torino**. – *Furthermore, in these decades it has triggered a contagious cultural reawakening, enabling Torino to have a fine annual calendar in the world of art, with cutting-edge events of great quality. The Chamber of Commerce of Torino has always supported the contemporary art fair, collaborating to make the city more appealing in those days, promoting cases of local excellence and fostering related initiatives that increase the economic benefits, also for other sectors, including hospitality, restaurants and services.*

*Our relationship with Artissima is renewed and consolidated thanks to a growing sharing of content which makes the synergy with Gallerie d'Italia increasingly rich, close and fruitful. For the new edition we are working on a special initiative in which the Oval will host, as a preview, a photographic project from the museum in Piazza San Carlo. We firmly support one of the most important Italian fairs which keeps Turin at the center of an international dialogue between galleries, artists, collectors and enthusiasts, to which we contribute with our original story around contemporary photography — says **Michele Coppola, Executive Director Arte Cultura e Beni Storici and Director of Gallerie d'Italia of Intesa Sanpaolo.***

THE THEME OF THE 31ST EDITION

The Era of Daydreaming is the theme of **Artissima 2024**, centred on *daydreaming* as a spontaneous manifestation of thought, a practice of creation projected into the future.

A topic of widespread reassessment on the part of neuroscientists, philosophers and artists, *daydreaming* is an everyday experience known to us all: the ability of the mind to generate its own inner dialogue and to develop a life story through constantly evolving forms of visual thinking. Decisive for creative reverie and artistic production, *daydreaming* is a spontaneous force that activates hopes, emotions and imagination, shaping the world to come and orienting it towards our expectations.

Luigi Fassi, Director of Artissima, comments:

In an era of incessant connections and limitless external stimuli, a fascinating rediscovery is taking place: the inestimable value of impromptu thinking and daydreaming.

The reassessment of this unexplored territory of the mind represents a field of research that involves the cooperation of researchers in different areas, on the borderline between science and the humanities. Their findings reveal an unexpected power: the human ability to constantly imagine new scenarios and alternative realities, projecting us into a future rich in possibilities. Through daydreaming we continue to shape new relational scenarios, generating ambitious projects that revitalize our biographical development.

Wakeful dreaming has immense creative potential, employed primarily by artists to break down the barriers of what is known and predictable, to blaze new trails in the exploration of our time.

This year, Artissima invites you to listen to your reveries, summoning a community of daydreamers, of artists and those who accompany their work, in a thrilling voyage of discovery of the unlimited potential of the human mind”.

The **FIONDA** graphic design studio based in Torino, directed by Roberto Maria Clemente, continues for a seventh year with the creation of the visual identity of Artissima 2024. A dynamic and fragmented visual narrative, which proposes a set of everyday images, day and night, treated as the frames of a film to investigate our lives and the paths traced by daydreams in real time.

*In any moment of the day, without warning, from a crack in our unconscious a visual shudder bursts forth – says Roberto Maria Clemente, creative director of Fionda – like a spasm of pleasure, in a crescendo that imprints and outlines our immediate future. The daydream unfolds through sequential images, **details of movements and actions**, plastic and often counter-gravitational gestures, in a suspension crystallized between reality and fantasy. This suspension is visually conveyed by a clock that indicates a random time, **to celebrate the uniqueness of everyday life and our ability to transform it.***

LE SEZIONI CURATE E ARTISSIMA VOICE OVER

The three curated sections of the fair – *Present Future*, *Back to the Future* and *Disegni* – will be back with monographic booths, whilst also existing on the digital platform **Artissima Voice Over** with special in-depth features.

Present Future Committee

Léon Kruijswijk, Curator, KW Institute for Contemporary Art, Berlin;
Joel Valabrega, Head of program / Curator, Galeria Municipal do Porto, Oporto.

Back to the Future Committee

Heike Munder, Independent Curator and Writer, Zurich;
Jacopo Crivelli Visconti, Director, Albuquerque Foundation, Sintra.

Disegni Committee

Irina Zucca Alessandrelli, Curator, Collezione Ramo, Milano.

PRESENT FUTURE

For twenty-four years *Present Future* has been the Artissima section for **emerging talents**. Curated for the first year by **Léon Kruijswijk**, curator of the KW Institute for Contemporary Art, Berlin, and **Joel Valabrega**, curator of Galeria Municipal do Porto, Oporto, the section hosts monographic projects with the aim of focusing on new trends on the international art scene.

In the words of the curators: *Present Future presents a selection of artists with an interdisciplinary approach, combining sculpture, painting, installations, writings, performance, video and sound works.*

The methods of reflection of these artists focus on modes of transition and transformation, delving into the enriching potential of liminal spaces and intermediate states. Their works open up new, at times vulnerable perspectives, offering ways of understanding the complexities of our constructed realities of today and tomorrow.

In 2024 *Present Future* features the works of **10 artists** presented by **10 galleries**, **5** of which are Italian: all 10 presentations are original projects made specifically for the fair or being shown for the first time.

In occasione di Artissima, uno degli artisti della sezione verrà insignito del **Premio illy Present Future**, sostenuto da **illycaffè** dal 2001 e alla sua ventiquattresima edizione. Nel 2023 il premio è stato assegnato all'artista **Bekhbaatar Enkhtur**, presentato dalla galleria **Matèria, Roma**, e la cui personale si terrà presso la **Fondazione Sandretto Re Rebaudengo** in concomitanza con Artissima 2024.

Thanks to the contemporary approach of illycaffè, the illy Present Future Prize makes an important contribution to the growth of emerging talents, confirming the innovative role of the fair in support to international artists.

BACK TO THE FUTURE

Back to the Future is the curated section of Artissima that includes **monographic projects on great pioneers of contemporary art** whose oeuvre has played a key role in art history.

The curatorial team of *Back to the Future* is composed, for the first year, of **Heike Munder**, independent curator and writer based in Zurich, and **Jacopo Crivelli Visconti**, independent curator based in Sao Paulo.

In their words: *The influx of dramatic political events like World War II and the tensions that followed in its wake, as well as social tumult like that of the Prague Spring, can be seen clearly in this selection. Back to the Future presents works centring on inner traumas, the role of women, the struggle for emancipation, the culture of consumption and the relationship with nature. We have chosen artists whose works are not only interesting from an aesthetic standpoint, but also engaged, provocative, works that set out to refute notions rooted in the society, from the foundations of human relations to the role of art.*

In 2024 *Back to the Future* features **10 artists**, presented by **10 international galleries**.

Disegni, now at its 8th edition, **is the only section of an art fair in Italy devoted to drawing as a medium**. Curated by **Irina Zucca Alessandrelli**, curator of the Collezione Ramo in Milano, for the third year, it features projects conceived as solo shows to bring out the authenticity of works on paper. The section concentrates on the unique qualities of drawing and its intrinsic immediacy, with the aim of bringing out the expressive range and power of a medium whose value is still somewhat neglected today.

In the words of the curator: *Disegni is the only section inside an Italian fair on this medium of expression. It features projects conceived as solo shows, focusing on the authenticity and independence of works on paper. On an international level, the section investigates the techniques and contents of artists working in the field of drawing today, exploring the particular characteristics of the paper surface and the intrinsic immediacy it implies, as the first translation of an artist's idea in the world, and the sole path of access without filters to his or her way of creating.*

Through this section Artissima pursues the objective of presenting the most innovative research, in keeping with its strong identity as an experimental fair capable of foreseeing trends and exploring new ideas.

Disegni 2024 focuses on the works of **11 artists**, represented by **11 galleries**, **3** of which are Italian.

ARTISSIMA VOICE OVER

The curated sections will also exist online on **digital platform Artissima Voice Over** with special in-depth coverage, produced thanks to the support of **Fondazione Compagnia di San Paolo**.

Artissima Voice Over is a cross-media space that offers an extensive overview of the work of all the players involved in every project: the galleries, the artists, the curators. The layout of the platform provides a simple approach to browsing: the visitor reaches a welcome page from which to branch out in various paths of interpretation and 360° in-depth coverage. Each project will have its own page providing a wealth of descriptive materials, presenting not only the works themselves but also the critical viewpoints and the creative genesis of the project, thanks to videos, interviews and podcasts. With the help of remote technologies, some of the contents will be produced directly by the galleries and artists, while others will involve the **editorial coordination** of the art project **Treti Galaxie** from Torino – consisting of **Matteo Mottin** and **Ramona Ponzini** – with the contribution of the video production company **Like Usual**, in collaboration with **FIONDA**.

La piattaforma digitale continua a evolversi come esperienza coinvolgente e unica nel suo genere rivolta sia ai collezionisti più esperti, sia a chi desidera approfondire l'arte contemporanea facendosi accompagnare dalle voci di coloro che ne scrivono il racconto.

Artissima organizes, in collaboration with its partners, art institutions and foundations, **11 prizes, one acquisition fund and one fund for the galleries.**

The 2024 edition presents an important new development, with the creation of the **Orlane per l'Arte Prize**, sponsored by Orlane, one of the world's most famous brands in the sector of luxury cosmetics, joined by the confirmation and increase to **280,000 euros** of the established **Acquisitions Fund** organized by **Fondazione per l'Arte Moderna e Contemporanea CRT** to benefit the collections of GAM – Galleria Civica di Arte Moderna di Torino and Castello di Rivoli Museo d'Arte Contemporanea.

The new edition moves forward with the **Artissima New Entries Fund**, sustained directly by the fair to provide economic support for three galleries of *New Entries*.

Finally, the promoters of **ten historical and younger awards** continue to confirm their support for Artissima.

Four prizes in collaboration with **partner companies**:

- the illy Present Future Prize, organized by illycaffé since 2001;
- the VANNI occhiali #artistroom Prize, organized by VANNI occhiali since 2021;
- the Tosetti Value Photography Award, sponsored by Tosetti Value - Il Family office since 2020;
- the Orlane per l'Arte Prize, organized by Orlane.

Two awards to commemorate outstanding figures in the art world:

- the Matteo Viglietta Award, promoted by Collezione La Gaia since 2022;
- the Carol Rama Award, promoted by Fondazione Sardi per l'Arte.

Five institutional grants for artists and galleries, organized by foundations and institutions:

- the Premio Diana Bracco — Imprenditrici ad Arte, created in 2023 and organized by Fondazione Bracco in collaboration with Fondazione Roberto De Silva & Diana Bracco of Milano;
- the Premio Pista 500, created in 2023 in collaboration with Pinacoteca Agnelli;
- the Oelle - Mediterraneo Antico Prize, promoted since 2022 by the namesake Foundation of Catania;
- the “ad occhi chiusi...” Prize, born in 2021 from the collaboration with the Fondazione Merz;
- the Ettore & Ines Fico Prize, organized by MEF Museo Ettore Fico in Torino since 2010.

The prizes are assigned by international juries during the days of the fair, from 1 to 3 November 2024.

I PREMI

- The **illy Present Future Prize**, produced in collaboration with **illycaffè**, has been assigned for 24 years to an artist taking part in the curated section *Present Future*, which has always been a platform for the **discovery of new talents**. The illy Present Future Prize goes to the project from the section considered most interesting by an international jury.

Thanks to the contemporary vision of illycaffè, the illy Present Future Prize offers an important contribution to the visibility of rising artists, confirming the fair's active role in the support of international talents.

The chosen artist will have the opportunity to present their work during the next edition of the fair, in the spaces of **Fondazione Sandretto Re Rebaudengo**, a leading art institution in Torino.

In coordination with Artissima 2024, the spaces of Fondazione Sandretto Re Rebaudengo will host a solo exhibition by **Bekhbaatar Enkhtur**, presented by the gallery Matèria of Roma, winner of the prize in 2023.

- **VANNI occhiali**, the Torino-based brand of creative eyewear operating in over 40 countries around the world, confirms its support for Artissima which began in 2019 with the capsule collection by Cristian Chironi and presents the third edition of the **VANNI occhiali #artistroom Prize**, continuing its exploration of the possible cross pollination between contemporary art and eyewear design. Inside the fair, the prize sets out to select the artist – thanks to a jury of multi-sectorial experts – whose research offers an original perspective on reality, triggering an unexpected and surprising gaze, like looking through a lens. The winner, besides receiving a cash prize of 2,500 euros, will have the opportunity to collaborate on the design of a capsule collection of artist's eyewear, produced in a limited edition.

The new capsule collection signed by the winner of the 2023 prize, Elisa Alberti of Krobath gallery, Vienna, will be presented during Artissima 2024 at the VANNI showroom in Piazza Carlina in Torino.

- The **Tosetti Value Award for photography**, born in 2020, this year is at its fifth edition. The prize establishes a dialogue with "Perspectives. The economy of images", a project on contemporary photography that began in 2014, curated by Tosetti Value per l'Arte with the objective of fostering debate and reflection on our globalized world through exhibitions and talks, in synergy with the economic research conducted by Family office. An international jury of experts will select the artist whose photographic work is seen as particularly interesting for an understanding of the historical-social and economic situation of our globalized world. The winning artist, besides receiving a cash award of 2,500 euros, will have the opportunity to develop a project – in a procedure indicated by Tosetti Value – in dialogue with "Perspectives. The economy of images" during the course of 2025. In the context of the project, a work will be acquired for the Corporate Collection of Family office

- The **Matteo Viglietta Award**, coordinated by **Collezione La Gaia** and now at its third edition, was created in 2022 to commemorate **Matteo Viglietta**: an outstanding, passionate collector who had a very strong bond with Artissima from the outset, actively supporting the fair with acquisitions for his own collection and the production of collateral events, in which the exhibition space of Collezione La Gaia at Busca (founded with his partner Bruna Girodengo at the end of the 1970s) was one of the most frequently visited locations. The Viglietta family, with the purpose of paying homage to the joyful, curious spirit that drove Viglietta's confident steps and voracious desire for art whenever he walked down the corridors of the fair. He was always interested in the discovery and rediscovery of radical practices, at times not rewarded with deserved levels of success in terms of audience and market. To some extent, the acquisition ratifies an established praxis of Viglietta, who every year would select a work having some degree of pertinence to the materials and utensils sold by his company – Viglietta Matteo SpA, a leader in the importation and wholesale distribution of hardware – for its catalogue, a book of 1200 pages full of various items. Once again this year, the work purchased at Artissima, besides becoming part of Collezione La Gaia, can be utilized as the cover of the "catalogue-pricelist", and in this sense it will have a connection with one of the hundreds of products or materials, while paying homage to Matteo Viglietta's ironic and irreverent spirit – that of a man with an open mind and a contagious smile.

- The **Carol Rama Award**, organized by **Fondazione Sardi per l'Arte** and now in its fifth edition, will be assigned to the artist who embodies, through research and work, the ideal of unconventional female creativity and artistic freedom **Carol Rama** enacted and transmitted through her works and personality. The selected artist will receive a grant of 2,500 euros to support their practice.

The prize takes its cue from the ongoing lively interest of Pinuccia Sardi in Carol Rama. The apartment at Via Napione 15, where Carol Rama lived and worked from the 1940s until her death in 2015, welcoming many personalities and artists, was listed in 2016 as an important national cultural asset, protected as an artist's studio. In 2019 Fondazione Sardi per l'Arte acquired the complete contents of the residence from the artist's heirs, and then ceded it on loan to Archivio Carol Rama, the current handler, to allow the home-studio to become a living, vital location for knowledge and study of the painter's work, open to the public and researchers, to discover the creative independence of this artist who always eluded classification and the stereotypes of the world of women.

- The **Premio Diana Bracco – Imprenditrici ad arte** came into being in 2023 thanks to a novel initiative organized by **Fondazione Bracco** in collaboration with **Fondazione Roberto De Silva e Diana Bracco** of Milano, to focus on the figure of the female gallerist as an entrepreneur. A jury of experts will select one rising woman gallerist, Italian or international, whose gallery has at least one location in Italy and whose entrepreneurial history demonstrates a vivid interest in artistic research and quality. The prize underscores the gallerist's ability to combine commercial growth in the art market with effective cultural development channelled into the support and promotion of young artists. The winner will receive a cash prize of 10,000 euros intended to further grow its model of entrepreneurship in the contemporary art sector, thus becoming a stimulus for new generations of Italian and international gallery entrepreneurs. In line with the intention of Fondazione Bracco to recognize the expertise and the contributions of women, the prize becomes part of a wider-ranging project of reflections and in-depth study of the figure of the women entrepreneurs in the art world, developed in dialogue with Il Giornale dell'Arte. The interviews with the jurors and winner of the prize for 2023, narrating five entrepreneurial stories of passion and research, will be hosted on the social network channels of Giornale dell'Arte and Artissima.

- Created in 2023 in collaboration with **Pinacoteca Agnelli**, the **Premio Pista 500** will grant an artist the opportunity to produce an artwork on a permanent billboard for the track on the roof of the Lingotto, in the proximity of Artissima. Pista 500 is the new project of site-specific art installations for the historic testing track of FIAT automobiles, now a spectacular panoramic promenade. Inside the fair, an international jury will select one artist, who will have the opportunity to create a specific work for the billboard, the monumental poster that features photographs, images and other visual projects. The work will be unveiled at the time of Artissima 2025. The award reflects the new direction taken by Pinacoteca Agnelli, a dynamic centre open to multidisciplinary languages of the present in dialogue with the historic collection of the institution, with a mission of inclusion of different, multiple audiences, also thanks to the expansion of programming in the spectacular spaces of the Pista 500. The work by Chalisée Naamani, the winning artist in 2023, will be presented during Artissima 2024.

- **Fondazione Oelle** promotes for the third year the **Oelle - Mediterraneo Antico Prize**, for which an international jury selects one artist represented by galleries in the fair. The artist will take part in a residency in Catania, aimed at producing a work that enhances the contemporary Sicilian and Mediterranean context. At the end of the residency, an exhibition will be produced and organized which will be hosted in one of the Foundation's exhibition venues. An experiential format dedicated to the "navigating artists" of the third millennium, it is designed to enhance contemporary artistic research, in particular from the "South of the world", aimed at the field of visual arts, photography, video, sound art and more (such as literature): actions understood as cultural crossings in Sicily and the Mediterranean.

- The 2024 edition presents an important new development, with the creation of the **Orlane per l'Arte Prize**, sponsored by Orlane, one of the world's most famous brands in the sector of luxury cosmetics. The prize of 10,000 euros supports the research and entrepreneurial activity of one of the galleries taking part in Artissima. An international jury of curators will select the gallery offering the finest example of care and balance in the presentation of artists and their work. Founded in 1947 in France, Orlane intertwines history, innovation and luxury in its DNA, and celebrates art by rewarding the commitment and dedication of galleries in the promotion of the creative talent of artists.

FONDI

- For 20 years **Fondazione per l'Arte Moderna e Contemporanea CRT**, the operative body of Fondazione CRT, has been an active partner of Artissima, supporting the fair with concrete initiatives hinging above all on a process of acquisitions, in the conviction that the fair represents an extraordinary opportunity for the city of Torino to confirm and consolidate its role on the international stage. For the 31st edition of Artissima, la Fondazione per l'Arte Moderna e Contemporanea CRT increases for the second consecutive year to 280,000 euros the historic **Acquisitions Fund** for the benefit of the collections of **GAM - Galleria Civica di Arte Moderna di Torino and Castello di Rivoli Museo d'Arte Contemporanea**, the highest budget in the last twelve years.
Over the years, through the acquisitions at Artissima, the Foundation has assembled an extensive collection of contemporary artworks that has become one of the most prestigious on a national and international level: over 930 pieces, ranging from painting to sculpture, video to photography, large installations to NFTs, produced by roughly 300 artists – for an overall investment of more than 41 million euros.

Always at the centre of consultation of the foundation regarding acquisitions, the **Expert Committee** takes part in the choice of works in the fair, in synergy with the **Directors and Head Curators of Castello di Rivoli Museo d'Arte Contemporanea** and **GAM – Galleria Civica d'Arte Moderna e Contemporanea**, selecting works that further enhance the artistic heritage of both museums, centres of excellence in Piedmont and reference points to bring art to a wider and heterogeneous public, on a national and international level.

- **Artissima New Entries Fund** is the fund supported by the fair to recognize the quality of three galleries participating in the 2024 edition, developed by Artissima in the context of the three-year IDENTITY program started in 2023.

New Entries is the section that includes the most interesting exhibitors taking part in the fair for the first time, as the result of Artissima's international scouting expertise. The commitment of Artissima to engage in the discovery of rising galleries and artists on the Italian and international scene has been a key factor of identity for the fair and its mission from the outset.

An international jury will assign the grant to three galleries in the *New Entries* section, chosen for the quality of their proposals for participation in the fair.

SPECIAL PROJECTS

AT THE FAIR

Projects with institutional and brand partners

Direzione Generale Creatività Contemporanea — Ministero della Cultura

The Direzione Generale Creatività Contemporanea — Ministero della Cultura (DGCC) of the Italian Ministry of Culture is present at the fair with its own **institutional space**, honoring **initiatives launched in support of the Italian contemporary art system and young artists, both nationally and internationally**.

On this occasion, two works commissioned by **GAM, Galleria d'Arte Moderna e Contemporanea di Torino** are on display, produced with support from the **PAC - Piano per l'Arte Contemporanea** and the **Strategia Fotografia** project.

Specifically, they include a selection of folders/collages from **Maestri Serie Oro** (2021/2022) by **Flavio Favelli** (b. 1967, Florence; represented by Galleria Francesca Minini) and part of the photographic series **Spiral Jetty, Utah** (1970) by **Gianfranco Gorgoni** (Rome, 1941; New York, 2019). Artissima, together with Fondazione Torino Musei, is pleased to initiate a collaborative project dialogue that emphasizes research and internationalization—shared development priorities among the three institutions involved in a systemic approach. These strategic themes will also be explored in a talk at the fair's Meeting Point on Saturday, **November 2, at 4:30 p.m.**, curated by Direzione Generale Creatività Contemporanea — Ministero della Cultura (DGCC). The discussion will focus on the development of Italian talent with an international perspective, career-building, and the strategies that public institutions (public administrations, academies, museums) can implement to support the work and practices of emerging artists, as well as to enhance their visibility and dissemination both within Italy and abroad.

The urban views of Olivo Barbieri in the Intesa Sanpaolo art collections

The collaboration between Intesa Sanpaolo and Artissima continues at the fair with an original exhibition project that confirms the value of this partnership. The Intesa Sanpaolo stand features a **series of photographic works by Olivo Barbieri** titled **The urban views**, offering a preview of his upcoming exhibition in February 2025 as part of the Great Italian Photography event at Gallerie d'Italia—Torino. The photos by Barbieri, from the Intesa Sanpaolo collections, are presented in dialogue with three paintings from the bank's art collection.

IDENTITY 2024 | WoW — Worlds of Words

IDENTITY is a project launched in 2023 in collaboration with **Fondazione Compagnia di San Paolo**, a long-standing partner of the fair focused on producing innovative projects and content. This is a **three-year program** that explores the **defining characteristics of the fair**, offering special projects at each edition based on in-depth research. The aim is to shed light on the strategic directions that, over the past 31 years, have shaped Artissima's position in the art world.

In 2023, the focus was on the *New Entries* section, which features emerging international galleries, reinforcing the fair's role in talent scouting.

In 2024, the project **WoW— Worlds of Words** focuses on **Italian and international magazines and publishing projects**, which Artissima has always spotlighted as fundamental voices in shaping the narrative of contemporary art. These publications not only reflect ongoing transformations but also influence the cultural landscape. The initiative underscores one of the key factors that sets the fair apart as a hub for exploring new cultural territories and perspectives. **WoW** explores the present world of publishing, which is increasingly characterized by hybridization, interdisciplinary studies, and collaboration. At the same time, it celebrates the creative power of words, demonstrating how they not only describe but also generate entirely new scenarios.

WoW brings a diverse selection of international magazines and published projects to the fair, enriching the debate and opening new perspectives

for reflection, thereby engaging the fair's entire audience—from gallerists and collectors to professionals in related worlds and art lovers alike.

WoW takes shape in three spaces:

– **TALKING MAGAZINES by Jaguar**

Daydreaming with words: a space for talks organized by **Jaguar** and curated by **Reading Room**, to welcome a wide range of **voices from the world of contemporary magazines**. It highlights vibrant new communities and explores various cultural and artistic dimensions. From November 1 to 3, the founders of the magazines, along with artists, authors, curators and educators, will engage in **original debates at the fair, weaving together fashion, design, and art**. The discussions and insights generated during these sessions will reflect the theme of Artissima 2024: "daydreaming," which aligns with Jaguar's new vision, which invites its audience to take inspiration, driving into an imaginary future that continues a path of evolution, exploration and research.

Participating magazines include **ARCHIVIO, As a Journal, C41 Magazine, Cactus Magazine, Cap74024, Chiaromonte, Cose Journal, CURA., Epoch Review, Flash Art, King Kong, Magazine II, MOUSSE, Middle Plane, Tank magazine** and **Urbano**

The space design of the area TALKING MAGAZINE is curated by **Bolzan**.

EDICOLA: a true newsstand curated by Francesca Spiller with an exclusive selection of important titles in Italian and international publishing, to offer an opportunity to become acquainted with visionary initiatives that redefine the system of periodicals and the meaning of the printed page.

EDITORIAL AREA: a nucleus of individual booths and single displays created specifically to offer maximum visibility to the participating magazines and publishers. With the participation of **Arte Cairo, Artforum International, Artribune, Canvas, CURA., Espoarte, exhibart, Flash Art, MOUSSE** and **segno**.

*The space dedicated to WoW is enhanced by the precious contribution of **Dott.Gallina** and the use of GreenPoli® honeycomb polycarbonate panels with arcoPure treatment. The panels, made with 60% post-production recycled material, are produced with a low environmental impact, reducing CO2 emissions, and are 100% reusable after use. Moreover, thanks to innovative nanotechnology, these panels also purify the surrounding air by reducing harmful airborne particles.*

MADE IN

MADE IN is a residency programme created by Artissima with the support of **Camera di commercio di Torino**, based on the desire to foster a dialogue between contemporary art and the flourishing entrepreneurial context of Torino.

For the occasion of Artissima 2024, the third edition of the project will be launched with four exceptional new partners – **Azimut Yachts, Manifattura Tessile DINOLE®, Sabelt** and **Xerjoff**, which will welcome into their companies, from the beginning of 2025, four new artists.

At the fair, a dedicated stand showcases the works created by the artists from the second edition of the initiative: **Lorena Bucur** for **Kristina Ti** with the gallery **Franco Noero**, **Christian Offman** for **Guido Gobino** with **Luce Gallery**, **Jacopo Naccarato** for **Dott.Gallina** with **Simóndi Gallery**, and **Giulia Poppi** for **Pininfarina Architecture** with the **Mazzoleni** gallery.

Based on the idea that corporate expertise and specialized production processes can serve as valuable resources for artistic creation, **MADE IN** functions like an academy. It allows four young artists to immerse themselves in four local companies, integrating the technological and operational knowledge they encounter into their own creative practices. During the residency, the artists are supported by four prestigious Torino-based galleries from the Artissima circuit, which oversee the progress of

their work and facilitate interaction with entrepreneurial figures from the art world. The objective is to enhance new forms of artistic expression and promote the dissemination of ideas that can inspire the local economic and productive ecosystem.

Launched in 2022, the project first collaborated with partner companies Carioca, Mattioli, Pattern Group, and Prima Industrie, followed by Dott. Gallina, Guido Gobino, Kistina Ti and Pininfarina Architecture for its second edition.

For the 2025 edition of **MADE IN**, the coordinating galleries —**Luce Gallery**, **Mazzoleni**, **Franco Noero** and **Simóndi Gallery**—will continue their participation.

Curated by **Sonia Belfiore**, founder of Ultravioletto Arte + Impresa.

Artissima Junior

Artissima Junior, launched in 2018 in collaboration with **Juventus**, engages younger visitors (aged 6 to 11) in the creation of a collective choral artwork under the guidance of an artist- tutor. This year, artist **Sara Enrico** (Biella, 1979), represented by the gallery **Vistamare**, Milano-Pescara, will lead the workshop. The project encourages children to explore empathy and collaboration, helping them to expand their personal boundaries and “look beyond,” venturing into a collective dream by letting their minds wander. In this dream space, words, images and videos based on children’s personal memories and imagination come together to awaken an emotional world, made collective through the group’s choral interaction. Across past, present and future, the dream stimulates a chain of associations, promoting growth, imagination, and innovative thinking as tools for navigating an increasingly complex and stratified reality.

sognare di lato, di qua, di là invites children into a chain of dreams that transform into a collaborative choral artwork, growing day by day with the contributions of all participants. The Artissima Junior space will also present **Il tappeto verde**, a short film by the artist and director **Yuri Ancarani** (Ravenna, 1972), represented by the galleries **Isabella Bortolozzi**, Berlin, and **ZERO...**, Milano. Filmed at Allianz Stadium, the film explores childhood dreams and was premiered at the **Giffoni Film Festival** and at the **81st Venice Film Festival**. Additionally, at the stand

inside the fair, visitors can watch a special episode of the animated series *Team Jay*, which features dreams drawn and narrated by children at the Giffoni Film Festival.

Digital projects

Artissima Digital

In line with its dynamic and experimental identity, Artissima has considered the digital dimension as a fundamental factor for its evolution, and since 2017, with the support of **Fondazione Compagnia di San Paolo**, the fair has implemented a series of programmatic and strategic actions to incorporate technological innovation in the production and enjoyment of culture. The digital experience of the fair has been expanded by means of the platforms **artissima.art** and **Artissima Voice Over**, spreading contents of value to generate curiosity, critical viewing and creativity, informing the public about the beauty of contemporary art. Starting at the end of October, the audience of Artissima will be able to discover the fair and to organize visits by entering the **virtual catalogue** from the website, making it possible to explore galleries, artists and works in an interactive way, and by using the **online agenda**, which offers rapid access to scheduled events, which can be selected and saved in the personal area of preferred appointments. This context also features the **AudioGuides** in digital format, which for the second year offer a choice of six visit itineraries, to discover the galleries and works taking part in the fair.

AudioGuides

From the standpoint of the expanded digital offerings of the fair, Artissima has identified the audio/podcast formula as a direction of growth and integration in its own ecosystem, producing **AudioGuides** for a third year to accompany visitors on an autonomous, personal visit to the fair. An important educational tool for the expression of the experience of art, aimed at a wider target of art lovers and sector professionals, the AudioGuides are an updated version of the previous guided visits to Artissima. The AudioGuides can be utilized by all visitors at any moment of the event, from 1 November to 3 November. By logging into the

artissima.art platform with a smartphone, visitors can choose their guided tours, starting with the pathway through the fair as it is narrated by the live voices of the professional mediators of **Arteco**. Five paths are available in Italian as well as one in English, flanked by a transcription with the translation.

The project sponsored by **Lauretana** is part of the developments of Artissima Digital powered by **Fondazione Compagnia di San Paolo**.

Walkie Talkies

Walkie Talkies, itinerant dialogues between pairs of international curators and collectors created to offer a transversal, unprecedented and personal look at the artists and galleries present at Artissima, are back. In 2024 the project, curated and moderated by **Leonardo Bigazzi**, curator *Fondazione In Between Art Film*, Rome and *Lo schermo dell'arte*, Florence, presents four talks led by eight speakers: **Lisa Long**, Artistic Director Julia Stoschek Foundation, Berlin, in conversation with **Mohamed Almusibli**, Director Kunsthalle Basel, Basel; **Lorenzo Giusti**, Director GAMeC, Bergamo, in conversation with **Eva Fabbris**, Director MADRE Museum, Napoli; **Alessandro Rabottini**, Artistic Director *Fondazione In Between Art Film*, Roma, in conversation with **Pedro Barbosa**, collector, Sao Paulo; **Helena Kritis**, Chief Curator WIELS Centre for Contemporary Art, Brussels, in conversation with **Kwong Yee Leong** collector and founder Black Canvas, Paris and Penang.

Based on their own backgrounds and attitudes, the pairs will initiate surprising conversations structured as small incursions through the fair generating opportunities for dialogue, reflection and insight. The *Walkie Talkies* will be filmed and then posted on Artissima's YouTube channel in 2025, as a retrospective on the project: an excellent content that will thus be enjoyed by all art lovers, professionals and the general public.

Lo stereoscopio dei solitari – Artissima podcast

For the 2023 edition the new **podcast *Lo stereoscopio dei solitari***, produced by Artissima in collaboration with *Il Giornale dell'Arte*, was presented by the leading digital audio platforms. Gallerists, playwrights

and writers will alternate at the microphones to tell stories about life, obsessions and passion, as well as biographical notes connected with the world of contemporary art, to accompany listeners until November 2024. As in the principle of stereoscopic images – the title references that of a novel by J. Rodolfo Wilcock (published by Adelphi) – the contributions will attempt to suggest the living three-dimensional nature of the narrated figures, giving concrete form to the irreducible singularity of each of us through words.

IN TOWN

***The Underground Cinema* at Gallerie d'Italia – Torino**

The collaboration between Intesa San Paolo and Artissima continues with the third edition of their moving image project, ***The Underground Cinema***, curated by independent curator **Irene Calderoni**. The exhibition will run from Friday, 1 November, to Sunday, 3 November, 2024, at **Gallerie d'Italia – Torino**. This exhibition of video works, many exhibited for the first time in Italy, will feature artists represented by galleries participating in Artissima.

Inspired by the exhibition space's immersive, underground architecture, the title references Robert Smithson's reflections on cinema as a physical and psychological experience of abandonment and torpor, where memory gets lost in a "forest elsewhere".

The featured artists include **Pauline Boudry & Renate Lorenz** (Ellen de Bruijne Projects, Amsterdam), **Alice Bucknell** (IMPORT EXPORT, Warsaw), **Stephanie Comilang** (ChertLüdde, Berlin), **Pauline Curnier Jardin** (Ellen de Bruijne Projects, Amsterdam, ChertLüdde, Berlin), **Valentina Furian** (UNA, Piacenza), **Lungiswa Gqunta** (WHATIFTHEWORLD, Cape Town), **Beatrice Marchi** (Federico Vavassori, Milano), **Lili Reynaud Dewar** (Layr, Vienna) and **Silvia Rivas** (Rolf Art, Buenos Aires).

The selection of the works presented in a sequence of kaleidoscopic montages triggers multiple reflections with this near-hypnotic, liminal state, but not as a form of detachment from reality. Instead, it is like a strategy of access to a deeper level of memory, desire, knowledge and action. The program of works, on view until Sunday 3 November, includes artists represented by the galleries participating in Artissima.

Within the framework of this collaboration, *La Condizione Umana*, curated by Jacopo Crivelli Visconti, was presented in 2023, and *Collective Individual*, curated by Leonardo Bigazzi, in 2022.

Gallerie d'Italia – Torino, Piazza San Carlo, 156

Domenica 3 novembre / 9.30 – 19.30

***Objects in Mirror Might Be Closer Than They Appear* at Museo Regionale di Scienze Naturali**

The **Museo Regionale di Scienze Naturali di Torino**, in collaboration with and curated by Artissima, presents for the first time the installation ***Objects in Mirror Might Be Closer Than They Appear*** by **Julian Charrière** (Switzerland, 1987) and **Julius von Bismarck** (Germany, 1983), in partnership with the gallery **Sies + Höke**, Düsseldorf. On view from Wednesday, October 30 to Monday, November 4, 2024, this immersive installation is exhibited in the newly reopened spaces of the Museo. It explores the relationship between geological and human time, the impact of climate change, and the urgent need to critically rethink the man-nature relationship. The work fosters a unique dialogue between Artissima and the Museo, addressing crucial contemporary themes through the lens of contemporary art. The same themes are also reflected in the museum's visit itinerary, enriched by its extraordinary collections.

Museo Regionale di Scienze Naturali di Torino, Via Accademia Albertina, 15
From Wednesday 30 October to Monday 4 November / 10.00am – 6.00pm

***Raised in the Dust* at the former Zoo of Torino– Parco Michelotti**

Artissima, in collaboration with **Città di Torino**, presents ***Raised in the Dust***, a video project by artist **Andro Eradze** (Georgia, 1993), on view from Tuesday, October 29 to Monday, November 4, 2024, at the former Zoo of Torino – Parco Michelotti.

The film, produced in 2022, is inspired by the conclusion of the classic Georgian poem *The Snake Eater* (1901) by Vazha-Pshavela. The poem's protagonist has a supernatural talent for understanding the language of nature but must ultimately choose between his connection to nature and his social responsibilities, opting for the latter. Eradze's film takes place in a forest where taxidermized animals appear one after another, disturbed by the noise of New Year's Eve fireworks. Through a poignant critique of human actions that are in these cases toxic and often fatal to wildlife, the film reframes the fireworks as a portal into the dark,

mythological realm of the forest — a world inhabited by plants, animals and ghosts.

Ex Giardino Zoologico – Parco Michelotti, Corso Casale, 43
From Tuesday 29 October to Monday 4 November / 10.00am – 10.00pm

Euridome, a Light for Consulta di Torino and Unione Industriali Torino

Artissima curates *Euridome*, a luminous installation by Erik Saglia (Torino, 1989) from **Thomas Brambilla** gallery, Bergamo. Supported by **Consulta per la Valorizzazione dei Beni Artistici e Culturali di Torino** and **Unione Industriali Torino**, this installation will be part of the *Costellazione* circuit of Luci d'Artista 27. The project celebrates Torino's designation as Capitale della Cultura d'Impresa 2024, providing a lasting symbol of this achievement for the local community.

Euridome will be installed on the façade of the headquarters of the city's business associations (Via Fanti 17) on 25 October, the opening day of Luci d'Artista, and will remain visible to the public.

Erik Saglia's new site-specific installation continues his latest series, *Manifesti Satellite*, inspired by the natural satellites of the solar system. With this work, he aims to recreate a cosmogony of intersecting lines that curve, combine and dissolve, generating patterns that can be containers of knowledge.

The orbital movement around the façade of the Unione Industriali Torino building – also home of the Consulta since its founding in 1987 – evokes the gravitational pull and influences of satellites generated by the planets to which they belong. The concept promotes the development of the territory through culture. The work symbolizes the dissemination of knowledge, with each satellite reflecting light to represent the value of every business, revitalization project, and innovative idea that contributes to societal development. The concept emphasizes the synergy between culture and enterprise, core values upheld by Unione Industriali and Consulta, promoting progress, social inclusion, and opportunities for growth.

This theme will also be the focus of a talk held at the Artissima Meeting Point, as part of the initiatives organized for *Torino Capitale della Cultura*

d'Impresa 2024 by Unione Industriali Torino in collaboration with its partners.

Unione Industriali Torino, Via Manfredo Fanti, 17
From October, 25

Afasia 1

At Hotel Principi di Piemonte | UNA Esperienze

Thanks to the renewed collaboration between **Artissima** and **UNA Esperienze**, a brand of the UNA Group, the historic Hotel Principi di Piemonte | UNA Esperienze in the heart of Turin is hosting a contemporary art exhibition for the fifth time in partnership with Artissima. From Thursday October 31 to Sunday November 3, **Afasia 1**, by **Arcangelo Sassolino** (Vicenza, 1967) will be presented in the hotel's ballroom. One of the artist's earliest works, *Afasia 1* explores the application of physics to sculpture, particularly the concept of speed. Through his work, Sassolino invites us to reflect on the power of gesture and the emotional tension of waiting. The work addresses themes of change and time, revealing how what seems definitive can suddenly transition into a new reality. By employing the destructive action of an ordinary, everyday object, Sassolino highlights a metamorphosis—where the object dissolves and reorganizes itself into a new dimension, symbolizing the ever-evolving nature of matter. This project is realized in collaboration with **Galleria Continua** (San Gimignano, Beijing, Les Moulins, Havana, Roma, Sao Paulo, Paris).

Hotel Principi di Piemonte | UNA Esperienze, Via Piero Gobetti, 15
From Thursday 31 October to Sunday 3 November / 1.00pm – 9.00pm

Hearsay Premio illy Present Future at Fondazione Sandretto Re Rebaudengo

The **Fondazione Sandretto Re Rebaudengo** hosts *Hearsay*, the solo exhibition of **Bekhbaatar Enkhtur** (Galleria Matèria, Rome), winner of the 2023 edition of the illy Present Future Prize. This award, which thanks to illycaffè's contemporary vision, makes an important contribution to the recognition of emerging artists and underscores the fair's active role in supporting international talent. The exhibition presents a new series of works by Enkhtur that investigate the symbolic and metonymic potential of animals and humans to examine the relationship between visual and linguistic representation. Here, fantastical creatures appear in metal bas-relief as both images and forms, representing figurative beings and figures of speech.

Fondazione Sandretto Re Rebaudengo, Via Modane, 16
from October 31, 2024, to January 5, 2025

VANNI occhiali #artistroom at VANNI Showroom

VANNI exclusively launches **EMBRACE**, a capsule collection of artist-designed eyewear created by Elisa Alberti, the winner of the **VANNI #artistroom Prize** at Artissima 2023. Alongside the eyewear collection, the VANNI showroom will also feature a selection of Alberti's artworks in collaboration with Krobath Gallery (Vienna).

The collection comes to life from the inspiration that drives Elisa Alberti's paintings and sculptural works, showcasing their distinctive characteristics: purposeful use of color, play with forms, spatial composition, and tactile surface quality.

Showroom VANNI occhiali, Piazza Carlo Emanuele II, 15
dal 31 ottobre al 23 novembre 2024 / mar-sab 10.00 – 19.30, lun 15.30 – 19.30; Vernissage: sabato 2 novembre / 18.00 – 24.00; Colazione con l'artista: domenica 3 novembre / 11.00 – 13.00

OTHER INITIATIVES

AT THE FAIR

Iconic merchandising

The support of **K-Way** has been confirmed. A long-term partner of the fair since 2009, the company will present an iconic new shopping bag for the 31st edition of Artissima, while welcoming the Artissima audience outside the pavilion with a graphic installation that underlines the 15 years of collaboration with the fair. **Carioca** has also confirmed its support for the fair, offering the public a special marker branded with this year's graphic identity. **Guido Gobino** will delight guests and galleries at the fair with special gifts dedicated to them.

Le Aree Speciali

Artissima returns to offer its guests embellished areas thanks to excellent synergies.

The **VIP Lounge** will host a site-specific furnishing project by **Paola Lenti**, a brand that combines rigorous attention to the quality of materials with a special harmony between colours, lines, shapes, craftsmanship and technological innovations thanks to continuous experiments on yarns and fabrics. In a setting that graphically reinterprets the magic of the seabed, the space invites guests into a fairy tale populated by animal creatures and plant organisms, leading them to reflect on the importance of water and the miraculous dream that arises from this element. The background, conceived by the company and created in collaboration with **Oikos - La Pittura Ecologica** and **Color Designer Vicky Syriopoulou**, reproduces the movement of water, creating a dynamic and restful environment.

The VIP Lounge will also welcome an excellent welcome for guests of the fair thanks to the historic support of **Art Defender**.

The **restaurant** area features for the first time the atmospheres and style of **Azimut Yachts**, a brand with a pioneering and visionary history, in which the concept of beauty is elevated by the magical combination of technology and design. The space will welcome guests into a natural and dreamy aesthetic universe, in which yachts designed with the courage to amaze and evoke feelings of unexpected wonder move.

The gastronomic offering will be led for the third consecutive year by the **Costardi Bros**, interpreters of the Piedmontese territory but capable of looking beyond its borders. A duo of chefs who are now a defined and recognizable brand that are expressed in diversified realities without ever losing the value of their origins and the identity that characterizes them: from the famous "Christian & Manuel" restaurant in Vercelli to the reopening of the Caffè San Carlo and the Scatto restaurant at the Intesa Sanpaolo Gallerie d'Italia, signs of the cultural and food and wine rebirth of Piazza San Carlo in Turin. For Artissima they will propose a menu designed specifically for the guests of the fair.

Il **Bistrot** riconferma la gestione di **To Be**, gruppo specializzato nei format e catering innovativi a tema *food and beverage*, nonché gestore del rinomato Otium Rooftop.

On the balcony, the Artissima lounge dedicated to VIP guests, created to offer them an even more exclusive and peaceful space, sees a new layout curated by **Celeste Italia**, a young company born on the shores of Lake Como from the love and knowledge of fabrics of excellence of true Made in Italy.

The **Celeste lounge** will offer furnishings with bold designs and refined color combinations that embellish the space with character and dynamism.

Finally, in the space at the center of the fair, **Meritalia®** will set up two multifaceted and surprising compositions of its iconic **La Michetta** modular sofa, designed by Gaetano Pesce. La Michetta will comfortably welcome visitors to Artissima with her radical irony.

Meeting Point by La Stampa

A special area of the fair by **La Stampa** is reserved for conversations and debates as well as for the presentation of projects, research and events, in collaboration with museums, institutions and art realities: a unique opportunity to meet and discuss with some of the protagonists of the international art scene. The invited speakers are artists, curators, collectors and experts from various disciplines, who will bring their own research, reflections and studies to the attention of the public.

The programme is an opportunity to meet some of the protagonists of the exhibition events scheduled in the city during the period of Artissima and to explore some of the artistic research presented in the curated sections of the fair and the collateral events.

Space design: **Pedrali**

The editorial staff of *Giornale dell'Arte* inside the fair

Artissima and **Il Giornale dell'Arte**, two historic Torino-based institutions of international renown, have updated their media partnership for the third year.

During Artissima 2024 a special outpost of the editorial staff of *Il Giornale dell'Arte* will work directly in the fair on the days in which it is open to the public. The initiative is coordinated by Jenny Dogliani, a journalist who has worked with the publication for many years, and *blondewithstendhal*, a social networking project by Rachele Barotto Dalla Vecchia that narrates art in an innovative way.

The special edition of *Giornale dell'Arte* **Vedere a Torino**, including in-depth content and must-see appointments, is distributed to the public and guests of Artissima

Bookshop and bookstores

Once again, this year the Bookshop is run by **Librerie Corraini**, presenting a selection of publications in line with the contemporary character of the fair.

A selection of outstanding **bookstores** will also present monographs, artists' books and multiples, including works never offered elsewhere.

Press Tour

This year, Artissima will once again welcome guest journalists with an exclusive press tour, offering the opportunity to discover a rich calendar of events beyond the expansive spaces of the Oval, reaching the charming corners of a city buzzing with energy. The Artissima press tour, considered an outstanding feature in the international fair scene, includes an exclusive itinerary with visits to major art institutions such as the Castello di Rivoli Museum of Contemporary Art, the Fondazione Sandretto Re Rebaudengo, the Fondazione Merz, the GAM – Civic Gallery of Modern and Contemporary Art, the Pinacoteca Agnelli, the Gallerie d'Italia – Torino, and the Regional Museum of Natural Sciences. Thanks to the collaboration with Visit Piemonte, the in-house company of the Piedmont Region and Unioncamere Piemonte dedicated to tourism and agri-food promotion, Artissima will offer international journalists an immersive cultural experience in the heart of Turin. This journey will be enriched by contemporary art installations and a special focus on sustainability and ecology. This collaboration is part of the memorandum of understanding signed between Artissima and Visit Piemonte, which aims for ongoing cooperation and exchange of expertise. The goal is to enhance and promote the cultural, artistic, and gastronomic heritage of Turin and Piedmont, both in Italy and internationally, through targeted and strategic initiatives.

Piemonte Land of Wine

Artissima's collaboration with **Piemonte Land of Wine** and the **Direzione Agricoltura e cibo della Regione Piemonte** continues in 2024, a dialogue in progress with the fair since 2014 for the selection of one young contemporary artist assigned the task of creating the institutional image of Piemonte for the moment of its participation in Vinitaly. The vineyard and wine consortia represented by Piemonte Land of Wine will be on hand at the fair, offering exhibitors and visitors a

chance to learn more about the outstanding wineries of the region and will be characterized by the winning graphic design of the tenth edition of the project, made by **Ambra Viviani**. During the fair, there will also be the launch of a new competition to select an artist's project to represent Piedmont at the 57th edition of Vinitaly.

The dialogue with Fondazione Piemontese per la Ricerca sul Cancro

Artissima is pleased to continue its dialogue with **the Fondazione Piemontese per la Ricerca sul Cancro**. Proceeds from the wardrobe are earmarked to support research. The Fondazione was established to offer significant support to the defeat of cancer through the creation in Piedmont of an oncology hub that can combine scientific research with clinical practice and make available to cancer patients the best human and technological resources available today, the Candiolo Institute - IRCCS.

SYNERGIES

As every year, the project of Artissima 2024 has been organized in synergy with the many cultural and artistic institutions operating in the territory. In coordination with the fair, Torino offers an exceptional programme of contemporary art exhibitions in its **museums, foundations and galleries**.

Fondazione Torino Musei, in the spaces of **GAM – Galleria Civica d'Arte Moderna e Contemporanea**, hosts the exhibitions *Mary Heilmann*, curated by Chiara Bertola, *Maria Morganti*, curated by Elena Volpato, and *Berthe Morisot. Pittrice Impressionista*, with exhibit design by Stefano Arienti, curated by Maria Teresa Benedetti and Giulia Perin. The reopening of the second floor features a part of the collections, presented as a *Deposito Vivente*, and Stefano Arienti is the first Intruso: the first artist called to establish a dialogue with the historical exhibition and the collections.

For the 140th anniversary of the diplomatic treaty between Korea and Italy, the **MAO Museo d'Arte Orientale** of Torino presents the exhibition project *Rabbit Inhabits the Moon. L'arte di Nam June Paik allo specchio del tempo*, on the work of the great Korean artist, interacting with works of contemporary art and a selection of refined Korean artefacts, curated by Davide Quadrio, director of the museum, and Joanne Kim, a Korean critic and curator, with Anna Musini and Francesca Filisetti. During Artissima, on Saturday 2 November MAO presents the second edition of *Declinazioni Contemporanee*, the program of artists' residencies and site-specific commissions that utilizes contemporary art as a means to interpret, reassess and enhance the museum's heritage, bringing it into the present to identify connections and novel meanings between different epochs and cultures.

For Artissima 2024, **Palazzo Madama – Museo Civico d'Arte Antica di Torino** has the pleasure of presenting the project *Crossing*, an exhibition that brings together four artists with different backgrounds who have agreed to come to terms with the majestic spaces, the long history and vast collection of Palazzo Madama, and the exhibition *Change! Ieri, oggi*

e domani, il Po produced in collaboration with Politecnico di Torino, confronting the theme of climate crisis in synoptic vision of epochal changes along the course of the Po River.

The exhibition projects of the museums in the territory include, at **Castello di Rivoli Museo d'Arte Contemporanea**, the shows *Mutual Aid – Arte in collaborazione con la natura*, curated by Francesco Manacorda and Marianna Vecellio, Rossella Biscotti. *Titolo primo, Ho sognato, Clara e altre storie*, curated by Marianna Vecellio, Paolo Pellion di Persano. *La semplice storia di un fotografo*, curated by Marcella Beccaria and Andrea Villani.

Fondazione Merz presents the exhibition by **Mario Merz** *Qualcosa che toglie il peso... che mantiene l'assurdità e la leggerezza della favola...* organized for the centenary of the birth of Mario Merz and presenting a selection of works, including installations, igloos, tables, canvases and works on paper.

The spaces of **Fondazione Sandretto Re Rebaudengo** host the exhibitions *Mark Manders. Silent Studio*, *Stefanie Heinze. Your Mouth Comes Second* and the show by Bekhbaatar Enkhtur, winner in 2023 of the illy Present Future Prize.

Gallerie d'Italia – Torino di Intesa Sanpaolo presents the exhibitions *Mitch Epstein. American Nature*, curated by Brian Wallis, and *Antonio Biasiucci. Arca*, curated by Roberto Koch.

Pinacoteca Agnelli presents *Arrivare in Tempo*, the largest posthumous exhibition of the artist Salvo, curated by Sarah Cosulich and Lucrezia Calabrò Visconti, and two new site-specific installations on the Pista 500, by Monica Bonvicini and Chalisée Naamani, winner of the Premio Pista 500 in 2023.

OGR Torino welcomes the exhibition by *Cyprien Gaillard. Retinal Rivalry*, curated by Samuele Piazza.

At **PAV – Parco Arte Vivente** the exhibition by *Adrien Balseca* is on view, while at the **MEF Museo Ettore Fico** visitors can see the exhibition *Sogni* curated by Andrea Busto.

On Saturday 2 November, museums, galleries and art spaces are open until late in the evening for the traditional **Contemporary Arts Night**.

HOSTING VENUE: OVAL LINGOTTO FIERE

Created in 2006 as an ice rink for the Torino Winter Olympics, the Oval is a glass pavilion of 20,000 square metres in the heart of the Lingotto neighbourhood, the historic industrial district converted for the city by Renzo Piano as a trade fair facility for the city.

ARTISSIMA SRL

The organization of Artissima is overseen by Artissima srl, a company affiliated with **Fondazione Torino Musei**, and formed in 2008 to manage the fair's artistic and commercial relations. The Artissima trademark belongs to **Città di Torino, Regione Piemonte** and **Città Metropolitana di Torino**. The 31st edition of Artissima takes place with the support of the three brand-owning authorities, jointly with **Fondazione CRT** through **Fondazione per l'Arte Moderna e Contemporanea CRT, Fondazione Compagnia di San Paolo** and **Camera di commercio di Torino**.

FONDAZIONE TORINO MUSEI

A reality increasingly connected, between past, orient and future.

Fondazione Torino Musei protects and manages the historical and artistic legacy of the Città di Torino aiming to offer different perspectives on historical eras and apparently distant yet intensely interconnected worlds. Its mission is to conserve this heritage and bring out its value.

The activities range from continuous research and updating to the display and communication of works, making them available for the experience of a constantly growing and varied audience.

The museums managed by the Foundation are Palazzo Madama - Museo Civico d'Arte Antica, MAO Museo d'Arte Orientale and GAM – Galleria Civica d'Arte Moderna e Contemporanea; Fondazione Torino Musei is the sole partner of Artissima s.r.l., the most important international contemporary art fair in Italy.

The Foundation pays close attention to issues of accessibility and education, for children and young people of all ages and their families; it provides support for the development of artistic and curatorial projects on a regional level; it works with local and international businesses to foster collaboration between cultural and entrepreneurial organisations; it defines its cultural contents in relation to a perspective on the world that

permits the development of its own heritage, programming and exporting its exhibitions.

Palazzo Madama, MAO, GAM and Artissima are deeply connected institutions, capable through their activities of triggering relations across past, orient and future. Art is the most ancient form of connection.
